Index to MACHINERY, Volume 63

A

A		Aircraft, Materials Used in Latest Type Fighter		July 169	Aluminum Oxide Coating to Metals, Flame-plating Process for Applying...	Mar. 171
Aaron Machinery Co.: "Westbury" Universal Dial Type Milling Machines		Jan. 194	Aircraft Production, Numerical Con- trols to Speed	June 176	Aluminum, Powdered Brazing Alloy for Production Brazing of	May 167
Hommel Profile Grinder and Larson Precision Grinder		Mar. 243	Airfoil Milling Machine, Danly	Mar. 212	Aluminum Sheet Facilitates Soldering of Heat Exchangers	June 171
Precision Cylindrical Grinder		July 227	Airframe Components, Subcontract Shops Produce Complex. Raymond H. Spiotta	Oct. 163	Aluminum Soldering, Glass-fiber Brush Facilitates	May 139
Imperial Boring, Drilling, and Milling Machines		Aug. 214	Airframe Components, Unique Tooling Setups Smooth Production of. Harry J. Hopkins	Dec. 161	Aluminum Strip, Cold-rolling "Hats" from Tapered. C. H. Beattie	Mar. 157
Abaco Industries, Inc.: Electronic Erosion Machine		Nov. 245	Airframe Parts, Rockford Hydraulic Mill for Machining Aluminum	Feb. 220	Aluminum Tank Production, Heliarc Cutting Lowers Cost of	Oct. 274
Aber Engineering Works: Curved-tooth Multiple Milling Cutters		Dec. 222	Air-Oil-Matic Drill Units, Morris Two-way Drilling Machine and	May 218	Ambro, G. William: Improved Production of Direct- current Motors and Generators	June 141
Abrasion, Resin Coating Protects Against Chemicals and		Apr. 186	Airtron, Inc.: Stainless-steel Collector Ring for Exhaust Gas Thermocouples	Aug. 159	American Broach & Machine Division of Sundstrand Machine Co.: Pull-down Broaching Machine	Oct. 230
Abrasive-Belt Grinding, Integrally Stiffened Panels Finished by. Keith A. Wilhelm		Dec. 147	"Adjust-Tru" Chuck, Buck	Nov. 262	Surface Grinding of Broach-insert Blanks	May 142
Abrasive Belt Unit, Continuous		Dec. 214	Albrecht, A. B.: Ceramic Tools for Single-point Turning	Apr. 149	American Chain & Cable Co., Inc.: Low-alloy Automatic Welding Wire..	Sept. 211
Abrasive Machine Tool Co.: Fortieth Anniversary Celebrated		May 178	Albrecht Keyless Drill Chuck	July 238	American Gear Manufacturers' Association: Fall Meeting Held in Chicago	Dec. 178
Abrasive Solutions, Ruthman Pump and Tank Unit for		Dec. 238	Alco Products, Inc.: Leaded Steel Available in Forged, Rolled, or Ingot Form	May 168	Forty-first Annual Meeting Held at Hot Springs, Va.	July 209
Abrasive Spheres for Tumbling-barrel Finishes, Norton		Feb. 213	Alcott Calculator Co.: Steel Weight Finder and Slide Rule	Aug. 220	American Iron & Steel Institute: Welding Stainless Steels	June 185
Abrasive that Holds its Form and Re- mains Sharp, Aluminum-oxide		Mar. 185	Alemite Division of the Stewart-Warner Corporation: Lubrication Cycle Counter	Dec. 230	American Lava Corporation: Ceramic Material for Deburring and Burnishing	Oct. 248
Abrasive Wheel Safety Code Now Available, New		Mar. 206	Oil-mist Lubricators	Dec. 238	American Machine & Foundry Co.: Work Simplification Program Saves \$213,000 Per Year	Apr. 178
Abrasive Wheel, see also Wheel Absorbent that is Dust-free; Chemically Inert, All-purpose Floor ..		Sept. 193	All-State Welding Alloys Co., Inc.: Build-up Material for Use Under Hard-facing	Jan. 174	Two Unusual Shapes Produced with Standard Machine Tools	May 150
AC Spark Plug Division of General Motors Corporation: Transfer Press Completes 1000 Air Cleaner Shells per Hour		Nov. 204	Build-up Material for Use Under Hard-facing	Mar. 185	American Machine Tool Distributors' Association: Machine Tool Distributors Emphasize Expanded Sales Training at Annual Meeting	Dec. 179
"Accutron" Comparator, Sheffield Electronic		May 214	Allegheny Ludlum Steel Corporation: Color Film on Forging and Casting..	Sept. 258	Focussing on Your Potential— Theme at Spring Meeting	Apr. 184
Ace Drill Corporation: Stock Sizes for "Longboy" Drills ..		Nov. 260	New Stainless-steel Grades Easily Welded	Dec. 165	American Metaseal Mfg. Corporation: Low-cost Impregnating System In- sures Pressure-tightness of Castings	Mar. 184
Carbide-tipped Drills for Cast Iron. Hardened High-speed Steel Drill Blanks		Feb. 250	High-strength Stainless Steel for Structural Applications	May 166	American Nickeloid Co.: Vinyl-to-metal Laminate Can Be Drawn, Bent, and Crimped	Aug. 172
Drill-length Reamers		Mar. 246	Free-machining Steel with Good Finishing Properties	June 172	American Sealants Co.: Self-hardening Liquid Chemical for Locking Threaded Fasteners	Sept. 192
"Hi-Brinell" Drills		Apr. 248	Allegheny Plastics, Inc.: Series of Flat Circular Teflon Discs Now Available	June 173	American Society for Metals: Cleveland Scene of Metal Show	Oct. 171
Acid Material which Removes Rust and Scale, Powdered		June 173	Allen, Arthur H.: Welded-steel Flywheels	May 153	American Standards Association: Fred Blackall Receives Howard Coonley Medal at Annual Meet- ing	Dec. 180
Acoustica Associates, Inc.: Magnetostriiction Transducer		Dec. 234	Allen-Bradley Co.: Push-buttons and Selector Switches ..	Aug. 233	List of American Standards	Jan. 142
Acromark Co.: Hot-stamping Press		Oct. 226	Allen Industries, Alva: Bench Type Deep-throat Punch Press	June 234	New Abrasive Wheel Safety Code Now Available	Mar. 206
Hot-stamping Press		Mar. 228	Allis-Chalmers Mfg. Co.: Framework for Supporting Direct- connected "Regulux" Motor- generator Sets	Aug. 200	Report on the Benefits of Standardi- zation Published	Apr. 175
Actuator, Ex-Cell-O Stainless Steel ..		Apr. 248	Allison Abrasive Wheels, Campbell Cut-off Machines and	Oct. 226	American Steel Foundries: Elmes Die-casting Press	Sept. 214
Adamas Carbide Corporation: Ceramic Cutting-tool Material with Wide Speed Range		May 166	Allison Equipment Co.: Work-positioning Table with Mag- netic Tape Control	Apr. 242	Automatic Bulldozer for Heavy Bending Operations	Dec. 203
Adapter for Lathe Chuck, Eccentric. William M. Foster		Dec. 192	Alloy for High-temperature Applica- tions, Investment-casting	Mar. 183	Twin Plastics Molding Presses for Easy Operation and Maintenance ..	Jan. 199
Adapter for Twist Drills, Extension- Frederick Barker		May 195	Alloy Withstands Intense Heat, Struc- tural Magnesium-thorium	Mar. 185	Elmes Hydraulic Press for Powdered Metal Forming	July 212
Adapters, Goddard & Goddard End-Mill Adhesive Qualities, Open Gear Spray Lubricant with High		Jan. 174	Alloys for Use at Elevated Tempera- tures, Molybdenum-Base	Dec. 196	American Steel Foundries, King Ma- chine Tool Division: King Electrically Operated Verti- cal Turning and Boring Machines..	Feb. 244
Adhesive Suitable for Rubber, Vinyl, and Polyurethane Foams		Jan. 174	Alpha Press & Machine, Inc.: High-speed Automatic Stamping Press	Dec. 213	American Tool Works Co.: Fine-feed Boring Attachment for Radial Drills	Sept. 224
Administration? A Business. Charles O. Herb		Oct. 155	Altholz, Edgar: Forty Miles of Tubing—A Shock Absorber Plant's Daily Diet	Nov. 186	Amplifier-generator, Versatile Ultrasonic	June 221
Agitator Tank Attachment for Lap- master, Dual		Mar. 225	The Plant Behind a Famous Power Plant	July 140	Amplifier, Minneapolis-Honeywell Transistorized Servo	Jan. 208
Air-conditioning Housings, Transfer- matic Equipped to Process		Dec. 209	"Alumibrazo"—A Powdered Brazing Alloy for Production Brazing of Aluminum	May 167	Amplifier Unit, Brush Multi-channel ..	Jan. 207
Air Fixtures, Inc.: Automatic Air-operated Tape Dispensers		July 244	Aluminum-bronze Alloy for Casting and Hot-working	Apr. 186	Analyzer That Prints Record Cards, Rolled Strip Metal	Oct. 235
Air Gage Checks Different Size Con- necting-rods		Sept. 160	Aluminum Casting Alloy with High Tensile Strength	May 168	Anchor Adhesives Corporation: Adhesive Suitable for Rubber, Vinyl, and Polyurethane Foams	Jan. 174
Air-Hydraulics, Inc.: Air-hydraulic Press		Sept. 220	Aluminum Company of America: Plates and Sheets of Neutron Shielding Material Available	Dec. 196	"Angle-Matic" for Processing Mani- folds, Michigan	Sept. 204
Air Reduction Sales Co., Inc.: General-purpose and Iron-powder Electrodes		Feb. 230	Zinc-clad Aluminum Sheet Facili- tates Soldering of Heat Exchangers ..	June 171	Angle-plates Accurately, Grinding Meehanite	Sept. 190
Standard Inert Gas Welding Equip- ment for Cutting Non-ferrous Metal Plate		June 208	Aluminum Foil, P & W X-ray Gage for Measuring	Sept. 224	Anvil Blocks, Flame-plating In- creases Life of	Sept. 195
Kit for Converting Aircomatic Gun for Spot-welding		July 212	Aluminum Grating with Rectangular Openings, Riveted	Aug. 172	"Any-Speed" Electro-hydraulic Servo- controlled Drive	June 208
Welding Hand Manipulator and Con- trol Console		Aug. 238	Aluminum, Latest Techniques in Extruding. Charles H. Wick: 1.	May 143	Apex Smelting Co.: High-strength Aluminum-magnesium Alloy that is Ductile	Aug. 172
Heliweld Holders for Arc Welding ..		Aug. 238	2.	June 166	Apex Tool & Cutter Co.: Tool-holder and Carbide Tip	Oct. 242
Aircomatic Gun for Spot-welding, Kit for Converting		July 212	Aluminum-magnesium Alloy that is Ductile, High-strength	Aug. 172	Appel Cold-forming Machine, Fellows-	Mar. 236
Aircraft Building—An Eight-billion- dollar Industry. Charles O. Herb		July 135	Aluminum, Non-foaming Cleaner for Removing Markings from	May 168		
Aircraft Components, Axelson Ma- chines Wide Variety of		July 160	Aluminum-oxide Abrasive that Holds its Form and Remains Sharp	Mar. 185		
Aircraft Components, Portable Milling Equipment for Machining. Ralph C. Nourse		Sept. 165				
Aircraft Galley Equipment, Cleaning ..		Apr. 174				
Aircraft Industry's Fantastic Future Problems, The. Joseph T. McNarney..		July 138				

INDEX • September 1956 - August 1957

Apprentices, see also Training, Education, School		"Auto-Tap"—An Automatic Lead-screw Tapping Head	June 234	Barker, Frederick:	
Arbor Presses, "Vi-Speed"		Avey Division, Motch & Merryweather Machinery Co.:		Extension-adapter for Twist Drills	May 195
Arbor, Scully-Jones Milling	Dec. 215	Drilling, Boring, and Spot-facing Machine for Jet-engine Part	Apr. 217	Barnes Corporation, John S.:	
Arc-welding, see Welding	June 238	Transfer Machine for Processing Pump Covers	May 204	Pump for Controlled-flow Hydraulic Systems	Aug. 218
Arm, Clearing Adjustable Die Lights and Flextrol Control	Jan. 198	Hydro-Way Drilling Unit and Torquomatic Attachment	July 232	Barnes Drill Co.:	
Armco Steel Corporation:		Avro Aircraft Ltd.:		Kleenall Filter for Coolants	Mar. 219
Dials Made of Precipitation-hardening Stainless Steel	June 173	"Pressure Cooker" Molds Magnesium Skins	July 198	Quick-loading Honing Tool	June 222
Armitage, Joseph B., Obituary of	July 270	Awards, 59 Engineering Students Win Machine Design	July 208	Honing Machine for Small-diameter Work	July 231
Army Chemical Center:		Axelsson Mfg. Co.:		Barnesdrill Liquid Sizing for Automatically Gaging Honed Bores	Aug. 210
Turnbuckle Replaced by Crimped Tubing	Mar. 180	Heavy-duty Lathe	June 209	Barrel Cleaning Unit, Fully Automatic	
Arnold, Philip; Obituary of	Sept. 254	Wide Variety of Aircraft Components Machined	July 160	Pangborn Blastmaster	Nov. 243
Arrow Engineering Co., Inc.:				Barry, E. R.:	
Three-dimensional Profiling Machine	Apr. 220			Machining Large Discs Thinner Than a Dime	Dec. 176
Avey Corporation:				Barton, H. K. and L. C.:	
Low-cost Method of Packaging with Molded Paper Pulp	Sept. 193			Holding Close Tolerances on Die-cast Parts	Dec. 181
Assembling, and Testing Machine; "Weldamation" Combination Machining, Welding	May 201			Bases Tailor-made to Meet Special Needs, Boring, P. E. Butzin	Jan. 145
Assembling Equipment, Sheffield Gaging and	June 215			"Basketing" of Parts, Equipment for High-speed	Mar. 219
Assembling in One Press Cycle, Machining and, Henry J. Zuhak and Arthur W. Wille	May 155			Batchelder Engineering Co., Inc.:	
Assembling Machine, Eight-station Automatic	June 217			Automatic Drilling and Tapping Machine	Aug. 230
Assembling Machine for Steering Gear Housing Unit	Jan. 202			Bath Co., Cyril:	
Assembling Machine, Snyder Trunnion Type Precision Boring and Automatic Bushing	Sept. 202			High-speed Metal-forming Machine	Jan. 190
Assembling Machines, Sheffield Automatic Gaging and	Aug. 217			Bausch & Lomb Optical Co.:	
Assembly, Automatic Machine Speeds Connecting-rod	June 174			Microscope for Toolmakers and Machinists	July 220
Assembly of Ford Automotive Parts, Automatic, J. B. Sablancan	Nov. 162			Bayer Industries:	
Assembly Tool for Truarc Grip-ring	July 250			Drill Press Positioner	Dec. 212
Atlas Press Co.:				Bean Division of the Food Machinery and Chemical Corporation, John:	
Clamping Heavy-duty Hydraulic Tracer Lathe	Feb. 236			Building Containers for Nike Missiles	July 190
Atmosphere Facilitates the Production of Hydraulic Components, Controlled	Mar. 172			Bearing Cap Production, LaSalle	
Atrax Co.:				Twenty-station Machine for High-speed	Mar. 214
Solid Carbide Routing Tools	Feb. 248			Bearing for Gear Reduction Units, Special Double-acting Thrust	July 226
Auburn Button Works, Inc.:				Bearing for Pay-off Reel Yoke, Special Thrust	Jan. 212
Sprayable Plastisol Finishes Developed for Machinery and Castings	June 172			Bearing, see Ball, Roller, Babbitt, Needle, etc.	
Austin Industrial Corporation:				Bearings, Automatic Gage for Measuring and Sorting Jewel	Oct. 237
Chomienne Vertical Shaper	May 226			Bearings, "Compo-E" Powder-Metal-alloy Compound for Oil-Retaining	Dec. 197
Austin-Western Co.:				Bearings for Forming Rolls, Double-acting Thrust	Apr. 244
A Smoothie Does Its Level Best	Feb. 190			Bearings, M-R-C Conveyor Roll	Sept. 238
Auto-Collimators Measure Gear Errors, How, T. R. Knowles	Dec. 137			Bearings, Snap-in Nylon	Apr. 224
"Autogil" Automatic Shear	Apr. 242			"Bearing-cap-amic" -- A Twenty-station Machine for High-speed Bearing Cap Production	Mar. 214
Automated Machine for Flaring, Facing, and Chamfering Ends of Tubes	Sept. 217			"Bearingizing" Pin-holes in Automobile Pistons, Automatic Machine	Apr. 217
Automated Production Lines, Mobile Parts Bank for	Nov. 243			Beattie, C. H.:	
Automatic Methods, Inc.:				Rolling "Hats" from Tapered Strip	Mar. 157
Automatic Lead-screw Tapping Head	June 234			Beco Automatic Drilling and Tapping Machine	Aug. 230
Automatic, National Acme Multiple-spindle Bar	Jan. 196			"Beko" Simplified Frame Balancing Machines	July 229
Automatic Screw Machine, see also Screw Machine, Bar Machine				Belt Bench Grinder, Abrasive	June 214
Automatic Temperature Control Co.:				Belt Designed for Handling Hot Materials, Conveyor	Jan. 174
Semi-automatic Control of Bearing Roller Grinding	Dec. 153			Belt Unit, Continuous Abrasive	Dec. 214
Automatic Transportation Co.:				Bench Unit Mounted on Truck	Feb. 250
Attachment for Loading and Removing Dies from Inclined Presses	Sept. 213			Benchmaster Mfg. Co.:	
Automation Gages, Inc.:				"Koil Kradle" Straightener	Mar. 227
"Multi-Stage" for Projection Gaging	Apr. 244			Bending and Forming Brake	Feb. 244
Automation Machinery, New Cross Plant Built Specifically to Produce	May 252			Bending Machine, Press Type	Apr. 221
Automation to the Nth Degree, New Transmission Plant—, William Miron and Bruce Fields	Nov. 178			Bending Operations, Automatic Bill-doser for Heavy	Dec. 203
Automation Units Standardized to Simplify Assembly of Automatic Transfer Machines, Baker	May 228			Bendix Aviation Corporation:	
Autometrology Division of the Sheffield Corporation:				Numerical Controls to Speed Aircraft Production	June 176
"Multi-Feedback" Unit Combining Gaging and Machine-control Feed-back	Feb. 214			Bergman, J. W.:	
Automobile Industry Ready for Another Big Year, Charles O. Herb	Nov. 151			Machining Large Discs Thinner Than a Dime	Dec. 176
Automotive Parts, Automatic Assembly of Ford, J. B. Sablancan	Nov. 162			Bealy-Welles Corporation:	
Automotive Parts Supplier Meets "Customer Competition," How An. Cass E. Dombrowski	Nov. 192			Plug Gage for Setting and Checking Ring Thread Gages	Sept. 238
"Auto-Shear," Cincinnati	Mar. 227			Stub Taps	Nov. 262
				Tandem Special Grinder for Processing Valve Springs	Dec. 208
				Double Horizontal Disc Grinder	Jan. 203
				Tool-holders for Throw-away Carbide Inserts	Jan. 220
				"Strate-Face" Tap for Tapping Cast Iron	Apr. 246
				Toss-Away Carbide Inserts with Lapped Finish	Aug. 220
				Best Pencil Co., Inc., Richard:	
				Damascus Drawing Lead Holder for Designers and Draftsmen	July 248
				Bevans, George J.:	
				How to Take an Accurate Physical Inventory in One Day	Sept. 168

INDEX • September 1956 - August 1957

Bijur Lubricating Corporation: High-temperature Lubricating Systems	Sept. 236	Boring and Automatic Boring Assem- bling Machine, Snyder Trunnion Type Precision	Sept. 202	Broaching Machine, Detroit Automatic ..	Oct. 232
Billion Dollar Base Predicted at Annual Meeting	Dec. 170	Boring and Facing Machine, Hampton "Tru-Bor"	Mar. 243	Broaching Machine Equipped for Cutting Over-size Gears, Horizontal	May 199
Birdsboro Steel Foundry & Machine Co.: Giant-size Extrusion Press	Sept. 207	Boring and Milling Machine, Precision Boring and Spot-facing Tools, Wesson Combined	Mar. 229	Broaching Machine for Cutting Oil- groove Slots, Colonial Vertical-chain Surface	Aug. 206
Multiple-opening Steam Platen Press	Mar. 232	Boring Attachment for Radial Drills, Fine-feed	May 210	Broaching Machine for Processing Engine Cylinder Blocks, Tunnel Type ..	May 230
Hydraulic Press for Laminating Large Plastic Sheets	June 217	Boring-bar Holder Suitable for Any Compound-rest Position, Stanley P. Gould	Sept. 224	Broaching Machine, Giant-size	Feb. 215
Giant-size Aluminum Extrusion Press	Aug. 216	Boring, Drilling, and Milling Machines; Imperial	June 238	Broaching Machine, High-speed Six- station Drilling and	Apr. 224
Bishop, Ancil H.; Obituary of	Sept. 254	Boring Head Designed to Eliminate Vibration and Absorb Cutting Load, Hydraulic. T. R. Goulden	Mar. 211	Broaching Machine, Hydraulic Motor Drive for Mechanical Type	July 223
Bits Prove Economical at Convoir, Throw-away Carbide	Feb. 268	Boring Head Using Button Inserts, Kennametal Kindex	Aug. 214	Broaching Machine, Pull-down	Oct. 230
Black & Decker Mfg. Co.: Impact Wrench and Power-speed Controlled Screwdriver	Dec. 216	Boring Head with Bore and Depth Con- trol	Mar. 223	Broaching Machine with Eight-position Indexing Fixture	Mar. 182
Blackall, Fred, Receives Howard Con- ley Medal at Annual Meeting of Stand- ards Association	Dec. 180	Boring Jig, see Jig	July 227	Broaching Machine with Indexing Table, Ram Press	Apr. 234
Blades, Douglas Automatic Machine for Precision Shaping Jet-engine	Aug. 198	Boring Large Tapered Holes, Lathe Device for. H. J. Gerber	Apr. 188	Broaching, Machining and Assembling in One Press Cycle; Shearing, Henry J. Zuhak and Arthur W. Wille	May 155
Blades of 50,000-R.P.M. Turbine Rotors, Machining the	Mar. 165	Boring Machine, All-angle Precision ..	Jan. 203	Broaching of Cylinder Heads, Automatic Broaching Titanium. L. B. Gray	Oct. 188
Blades per Year from Ex-Cell-O Plants, Millions of. E. Hugh Jones	July 174	Boring Machine Bases Tailor-made to Meet Special Needs, P. E. Butzin	Jan. 145	Broaching Turret, Paul	Aug. 133
Blanks, Ace Hardened High-speed Steel Drill	Feb. 250	Boring Machine, Ex-Cell-O Precision ..	Sept. 218	Broastone, Paul: Tractors without Tracks	Feb. 184
Blast Cleaning Machine, Airless Abrasive	June 216	Boring Machine for Compressor Crank- cases	Apr. 231	Brolaski, George: Multiple Clamps Insure Accurate Helicarc Welding	Jan. 148
Blasting Deburrs and Blends Machined Surfaces, Vapor. Ray Fergusson and John Eggum	July 180	Boring Machine for Flaring, Facing, and Chamfering Ends of Tubes; Auto- mated	Sept. 217	Brown & Sharpe Mfg. Co.: Johansson "Thrift" Blocks	Jan. 209
Blastmaster Barrel Cleaning Unit, Fully Automatic Pangborn	Nov. 243	Boring Machine for Processing Universal-joint Yokes, Two-way Precision	May 200	Automatic Forming and Cutting-off Machines	Feb. 245
Blind, Pushing Back the Industrial Horizon of the. Harold W. Bredin	Apr. 179	Boring Machine, Greenlee Precision ..	Mar. 227	Apprentice Tool Chest	Mar. 244
Bliss Co., E. W.: Press of "Unitized" Design	Sept. 226	Boring Machine, J & L Small-size	Sept. 216	Automatic Screw Machine	Apr. 215
Adjustable Bed Press	Mar. 232	Boring Machine, Larson Precision	Mar. 243	Expansion of Precision Center Training Facilities	May 164
High-speed Forging Press	July 222	Boring Machine, Natco Two-way Auto- matic	Sept. 208	Mating Parts Made in Thirty-second Cycle on Automatic Screw Machine ..	Aug. 162
One-hundredth Anniversary Cel- ebration	Aug. 188	Boring Machine, Two-Station Double- End Precision	Dec. 202	Bruce, E. H.: Practical Parts Numbering System ..	Apr. 171
Gap Press Designed to Pierce Fender	Aug. 208	Boring Machines, Cross Transfer- matics and Four-way	Oct. 225	Bruell, S.: Simple Device Allows Manual Over- riding of Remotely Controlled Lever	Nov. 225
Blocks, Johansson "Thrift"	Jan. 209	Boring Machines, King Electrically Operated Vertical Turning and	Feb. 244	Bruning Co., Charles: Film on Principles of Optical Tool- ing	Feb. 268
Blowpipe, Large-capacity Manually Operated Metal-cutting	Jan. 218	Boring Tools, Micro-adjustable	Oct. 254	Brush Electronics Co.: Multi-channel Amplifier Unit	Jan. 207
"Blue Chip" Line of Forged T and T-slot Bolts	Feb. 252	Boring Two Internal Chamfers, William Morson	Oct. 214	Brush Facilitates Aluminum Soldering, Glass-fiber	May 139
Bognar, John J.: Koehring Paves the Way	Feb. 140	Borolon Abrasive Wheel, Simonds DA ..	July 246	Bryant Chucking Grinder Co.: Ball Thread Segments for Thread Gage	Oct. 228
Bolsters and Pre-set Dies, Hamilton Presses with Sliding	Aug. 201	Bossmann, Cliff: Drill Jig Has Adjustable Locators ...	Dec. 195	Face Squareness and Concentricity Gage	Oct. 250
Bolt and Nut Made in Thirty-second Cycle on Automatic Screw Machine, Mating	Aug. 162	Bound Brook Oil-Less Bearing Co.: Powder-metallurgy Compound for Oil-retaining Bearings	Dec. 197	Bryant Gage & Spindle Division: Concentricity Attachment for Bench Gage	Feb. 230
Bolts, American Standard Finished Hexagon (Data Sheet)	Apr. 237	Bower, Clifford T.: Drill Jig for Shaft Collars of Vari- ous Proportions	July 201	Buck Mfg. Co.: Bux Magnetic Drill Press	Sept. 216
Bolts, American Standard Heavy Finished Hexagon (Data Sheet)	Apr. 238	Bowage Production Grinder, Van Norman	Sept. 203	Buck Tool Co.: Dustproof Chuck	Oct. 239
Bolts, American Standard Heavy Hexagon (Data Sheet)	May 223	Bowmar Instrument Co.: Ultrasonic Cleaning of Precision Gear Reducers	May 148	"Adjust-Tru" Chuck	Nov. 262
Bolts, American Standard Semifinished Hexagon (Data Sheet)	Mar. 240	Boyer-Schultz Corporation: High-speed Grinding Attachment ...	Dec. 232	Boring-bar for Heavy Cuts	June 238
Bolts, American Standard Lag (Data Sheet)	May 224	Boye & Emmes Machine Tool Co.: Dual-spindle Lathe	Feb. 232	"Buckeye" Construction Equipment, Producing Gar Wood, James E. Dipert Buffing Machine for Finishing Die-cast Parts, Spin-	Feb. 154
Bolts, American Standard Regular Hexagon (Data Sheet)	Feb. 260	Boyer, Arthur J., Obituary of	Oct. 272	Bufhr Machine Tool Co.: "Economatic" for Processing Automatic Transmission Ex- tensions	Apr. 212
Bolts, American Standard Regular Semifinished Hexagon (Data Sheet) ..	Mar. 239	Brake, Bending and Forming	Feb. 244	Economatic Built to Process Water- pump Housing	July 217
Bolts, American Standard Regular Square (Data Sheet)	Feb. 259	Brakes, Preventing Machine Damage with Electric Clutches and. W. E. Timmcke	June 164	Economatic for Processing Exhaust Manifolds	Aug. 228
Bolts and Nuts, American Standard Formulas for (Data Sheet)	June 249	Brakemotor Designed to Instantly Stop and Hold Heavy Loads	Jan. 209	Buick Motor Division of General Motors Corporation: Automated Contour-turning Spurs Dynaflow Production	Nov. 198
Bolts Expedited with Carbide Dies, Hot-heading of Titanium	June 179	Brandon, John Addison, Obituary of ..	Nov. 284	Double-crank Dieing Machines in Production	Aug. 142
Bolts, Forged T and T-slot	Feb. 252	Brazing Alloy for Production Brazing of Aluminum, Powdered	May 167	Build-up Material for Use Under Hard- facing	Mar. 185
Bonding Liners to Automotive Parts, Machines for	July 234	Brazing-hardening Process for Carbide Tools	May 157	Bullard, Sr., Joseph W. C., Obituary of Bulldozer for Heavy Bending Oper- ations, Automatic	Dec. 203
Bonding Process for Joining Carbide to Steel	June 173	Brazing, Six Steps to Good Silver. A. W. Swift	Oct. 168	Bumpers for the Chevrolet Automobile, Producing. Herbert Chase	Dec. 150
"Bondized" Califilm and "Bondized Kelon F" Thermoplastic Sheet Ma- terials	Sept. 192	Bredin, Harold W.: Pushing Back the Industrial Horizon of the Blind	Apr. 179	Burg Tool Mfg. Co.: Burgmaster Power Feed for Turret Drill	Oct. 248
Boom of Gradall Earth-moving Equip- ment, Producing Telescoping. Ray- mond H. Spiotta	Feb. 178	Billions of Fasteners Each Year	June 158	Burnishing Compound for Zinc Die- castings, Alkaline	Mar. 185
"Booster-Bar" Increases Hole- location Gage Range	Jan. 202	Breese, Elliot L.: Talented Tooling at Caterpillar	Feb. 166	"Burr-Blasting" Machine, Indexing Type	Dec. 206
"Boral" Plates and Sheets	Dec. 196	Briney Mfg. Co.: Boring Head with Bore and Depth Control	July 227	Burr-Master Deburring and Chamfering Machine with Integrated Automation Equipment	Aug. 230
"Borazon" is Diamond-hard, Man- made	May 149	Briquetting Press, One-thousand-ton Broach Design, Accurate Surfaces Start with Good. Harry Gotberg	Sept. 147	Burr-Master for Chamfering Hidden Holes in Automotive Part	June 220
"Bore-Matic" Designed to Handle Wide Variety of Work by Means of "Off- the-Shelf" Units, Head	May 197	Broach-insert Blanks, Surface Grinding of	May 142		
"Bore-Matic" Equipped for Precision Facing Automatic Transmission Parts, Head	Oct. 216	Broaching Fixture, Red Ring Self-con- tained	Feb. 245		
Borer Chuck Set, Jig	Jan. 207	Broaching Machine, Colonial	Dec. 199		
Bores, Sheffield Gage Spindle for Large	Dec. 238	Broaching Machine, Colonial Long- stroke Surface	Feb. 224		

INDEX • September 1956 - August 1957

Burr-Master for Deburring and Chamfering Both Sides of Gears Simultaneously, Duplex	Oct. 229	Carmet Division of the Allegheny Ludlum Steel Corporation: Tool-holders for Throw-away Blanks	Jan. 205	Chest, Apprentice Tool	Mar. 244
Burr-Master Machine for Deburring and Chamfering Hypoid Pinions	Feb. 228	Carpenter Steel Co.: Broader Hardening Range Announced for Specialty Tool Steel	May 168	Chevrolet Motor Division of General Motors Corporation: Producing Automobile Bumpers	Dec. 150
Bushing that Increases Stripper-bolt Travel, Telescoping	Sept. 198	Carr, W. L.: Face-milling Titanium Alloy with Carbide Cutters	Dec. 159	Chevron Type Teflon Gaskets, Machining, A. Pearl	June 198

INDEX • September 1956 - August 1957

Mill for Machining Aluminum Airframe Parts, Rockford Hydraulic	Feb. 220
Mill for Multiple-jet Seaplane, Spar	Aug. 196
Mill, see also End-mill, Hollow Mill, etc.	
Mills Equipped with Air-hydraulic Feed and Two-spindle Head, Hand	Sept. 212
Mills Two Sides of Housing at One Time, Duplex Machine	Nov. 236
Miller, Jr., A. R.: Which Type Wheel for Surface Grinding?	June 152
Millholland Machinery Co., W. K.: Drilling Unit with Automatic Cam Feed	Dec. 205
Milling and Centering Machine	Dec. 210
Milling and Centering Truck Steering Knuckles, Machine for	Oct. 227
Milling Arbor, Scully-Jones	June 238
Milling Curved Slots without Rotary Table, Fixture for. H. J. Gerber	Feb. 210
Milling Cutters, A New Look in. Joseph R. Varnak	Mar. 151
Milling Cutters, see Cutters	
Milling, Designing Work-pieces for Chemical. C. L. Hibert	July 164
Milling, Drilling, Boring, and Reaming Transmission Housings; Special Machine for Duplex	Jan. 200
Milling Equipment for Machining Aircraft Components, Portable. Ralph C. Nourse	Sept. 165
Milling Fixture Holds Spindles Vertically. F. C. Elmo	July 203
Milling Head, Thriftmaster Fixed-center	Jan. 222
Milling Machine, Bridge Ram	Nov. 246
Milling Machine, Dandy Giant Airfoil	Mar. 212
Milling Machine Designed to Perform Five Complex Operations, Snyder	Nov. 234
Milling Machine for Cutting Germanium, Silicon, and Quartz; Automatic	Apr. 219
Milling Machine for High-speed Bearing Cap Production, LaSalle Twenty-station	Mar. 214
Milling Machine for Precision Shaping Jet-engine Blades, Douglas Automatic	Aug. 198
Milling Machine, Four-spindle Vertical	June 212
Milling Machine, Geared-head Horizontal	Feb. 228
Milling Machine, Gilbert Floor Type	Mar. 217
Milling Machine; Huge Floor Type Horizontal Boring, Drilling, and	Apr. 216
Milling Machine, Huge Keller Automatic Tracer-controlled	Oct. 222
Milling Machine, Magnetic Tape Runs Airframe Profile	Aug. 229
Milling Machine, Nichols High-speed Automatic	Feb. 232
Milling Machine, Niles Rotary	Mar. 246
Milling Machine, Precision Boring and	Mar. 229
Milling Machine, Rotex Vertical	May 212
Milling Machine, South Bend Vertical-spindle Precision	July 215
Milling Machine, Sundstrand Universal Bed Type	Dec. 202
Milling Machine, U. S. "Hy-Flex" Double-column Hydraulic	May 198
Milling Machine with General Electric Electronic Control, Onsrud Mammoth Spar	Nov. 231
Milling Machine with Numerical Control, Profile	July 217
Milling Machine with Tracer Attachment	Dec. 201
Milling Machines, Hydro-Cycle Contour	June 207
Milling Machines, Imperial Boring, Drilling and	Aug. 214
Milling Machines, Maserati Horizontal and Vertical	Jan. 204
Milling Machines, Ram Type	June 206
Milling Machines, Van Norman	July 221
Milling Machines, "Westbury" Universal Dial Type	Jan. 194
Milling of Master Cams, Punched-tape Control for Automatic. Mark Morgan	Apr. 182
Milling Titanium Alloy with Carbide Cutters, Face-. W. L. Carr	Dec. 159
Milling Unit for Grooving Opposite Edges of Aluminum Stock	June 238
Mine Safety Appliances Co.: "Soundscope" for Measuring and Analyzing Industrial Noise	Oct. 230
Miniature Precision Bearings, Inc.: Precision Machining in Miniature	Sept. 170
Minneapolis-Honeywell Regulator Co.: Electro-hydraulic Machine Controls	Jan. 208
Minnesota Mining & Mfg. Co.: Spray Coating Protects Sheet During Forming	Mar. 168
Expandable Compounds for Insulating and Reinforcing Voids	Apr. 185
Easily Removable Masking Tape for Use at Elevated Temperatures	Aug. 173

Minster Machine Co.: Fixed-base 75-ton Press	Nov. 238
Fixed-base Single-point Gap Press	Dec. 212
Center Drive Automatic Production Press	July 214
Press Designed for Single-stroke Efficiency	Aug. 198
Miron, William: New Transmission Plant—Automation to the Nth Degree	Nov. 178
Missiles, Building Containers for Nike. Charles O. Herb	July 190
Missiles, Press for Producing Nozzle Forgings for "Nike" Guided. R. D. Springer	Oct. 157
"Mobil" D. T. E. Oils	Sept. 192
Modern Industrial Engineering Co.: Duplex Burr-Master for Deburring and Chamfering Both Sides of Gears Simultaneously	Oct. 229
Indexing Type "Burr-Blasting" Machine	Dec. 206
Deburring and Chamfering Machine for Hypoid Pinions	Feb. 228
Burr-Master for Chamfering Hidden Holes in Automotive Parts	June 220
Machines for Bonding Liners to Automotive Parts	July 234
Burr-Master Deburring and Chamfering Machine with Integrated Automation Equipment	Aug. 230
Molding, Intricate Plastic Parts Formed by Precision. Francis DeBartolo	Jan. 143
Molding Press, Huge Hydraulic Plastics Molding Presses for Easy Operation and Maintenance, Twin Plastics	Jan. 199
Molds Called "Fibre Forms," Low-cost Method of Packaging with Paper Pulp	Sept. 193
Moline Tool Co.: Boring Machine for Compressor Crankcases	Apr. 231
Special Bolt Circle Drilling Machine	May 231
Molybdenum-Base Alloys for Use at Elevated Temperatures	Dec. 196
Monarch Machine Tool Co.: Lathe Operations Directed by Numerical Sequence Programmer	Sept. 152
Controlled Environment Facilitates the Production of Hydraulic Components	Mar. 172
Ceramic Tools for Single-point Turning	Apr. 149
"Monitorecord," Sheffield	May 214
Mono-Seal, Division of Downer-Hunnell, Inc.: Resin Coating Protects Against Chemicals and Abrasion	Apr. 186
Moore Special Tool Co., Inc.: Jag Borer Chuck Set	Jan. 207
Morey Machinery Co., Inc.: Geared-head Horizontal Milling Machine	Feb. 228
Morgan, Mark: Punched-tape Control for Automatic Milling of Master Cams	Apr. 182
Morris Co., Robert E.: Nichols High-speed Automatic Milling Machine	Feb. 232
Morris Machine Tool Co.: Unit Type Machine for Processing Refrigeration Compressor Housings	Oct. 235
In-Line Transfer Type Machine for Processing Carburetor Bodies	Feb. 216
Two-way Drilling Machine and Air-Oil-Matic Drill Units	May 218
Automatic Gun-drilling Machines	Aug. 232
Morson, William H.: Boring Two Internal Chamfers	Oct. 214
Internal Grooving Tool with Positive Depth Control	Dec. 193
Gage for Adjusting Work-rest on Centerless Grinding Machine	Apr. 207
Turret-lathe Tool Pierces Thin-walled Tubes	June 198
Morton Mfg. Co.: Special Heavy-duty Grinding Machine	Sept. 212
Moyle & Merryweather Machinery Co.: Circular Saw Blade Sharpener	Sept. 220
Machine for Milling and Centering Truck Steering Knuckles	Oct. 227
Duplex Machine Mills Two Sides of Housing at One Time	Nov. 236
Milling and Centering Machine	Dec. 210
Special Machine for Duplex Milling, Drilling, Boring, and Reaming Transmission Housings	Jan. 200
Motion Pictures, Industrial: Control Training Course (Slide-films)	Sept. 258
Color Film on Vacuum Melting	Sept. 258
"Pressure on Metalworking Production"	Sept. 258
"The Shape of Things" (color film)	Sept. 258

"Cutting Fluids" (color film)	Sept. 258
"Tracer Control in Action" (color film)	Sept. 260
"Optical Tooling" (color film)	Feb. 268
Motor-drive, Reeves Vari-Speed	July 238
Motor, G-E Coolant-pump	Nov. 262
Motor, General Electric Shaded-pole	Sept. 216
Motor-generator Sets, Framework for Supporting Direct-connected "Regulex"	Aug. 200
Motor-generator Welder, G-E	May 201
Motor, Robbins & Myers	June 238
Motor Starter, General Electric Magnetic	Aug. 212
Motor and Generators, Improved Production of Direct-current. G. William Ambro	June 141
Motors and Generators, Westinghouse Industrial Direct-current	July 238
Motors, Delco Totally Enclosed Fan-Cooled	Nov. 264
Motors, G-E Alternating-current Induction	June 218
Motors, Reliance	May 236
Motors—the Modern Way, Electric	May 169
Mounting Material with Waffle-grip Embossed Surfaces, Non-slip Machinery	June 171
Multi-Autoform Corporation: Multiple Ram Impact Forming Machine	Aug. 204
"Multi-Feedbak" Unit Combining Gaging and Machine-control Feed-back, Sheffield	Feb. 214
Multi-Max Foil Stamping Press	Nov. 250
"Murex Speedex R" Iron Powder Electrode	Dec. 218
N	
Nassau County Sanitation Disposal Plant: Extension-bed Gap Lathe Efficient for Varied Maintenance Requirements	May 158
National Acme Co.: Multiple-spindle Bar Automatic	Jan. 196
National Automatic Tool Co., Inc.: Two-way Automatic Boring Machine	Sept. 208
Multiple-spindle Drilling and Tapping Machine	July 213
National Broach & Machine Co.: Red Ring Automatic Gear Gaging, Sorting, and Machine Control Unit	Sept. 226
Red Ring Automatic Loader for Gear-shaving Machines	Oct. 219
Hardened Gear Teeth Are Finished by Honing	Nov. 215
Improved Line of Red Ring Gear-shaving machines	Dec. 200
Red Ring Electronic Gear Sound Inspection Unit	Jan. 202
Red Ring Self-contained Broaching Fixture	Feb. 245
Automated System for Finish-shaving, Washing and Gaging Cluster Gears	June 214
Red Ring Gear Gaging, Sorting, and Machine Control Unit	July 232
National Carbon Division of Union Carbide and Carbon Corporation: Graphite "Welded" for First Time in History	Nov. 216
National Cylinder Gas Co.: "Sureweld" Automatic Welding Equipment	Nov. 260
"Dual Shield" Welding	July 210
National Machine Tool Builders' Association: Billion Dollar Base Predicted at Annual Meeting	Dec. 170
Publication Lists Available Films	May 178
Spring Meeting Held in Washington, D. C.	June 200
National Products Co.: Turret Lathe Tracing Pays Off in Job Shop	Sept. 162
National-Standard Co.: Nickel-plated Steel Wire Made Available for Commercial Use	Mar. 183
National Tool & Die Manufacturers Association: Spring Meeting Held in Washington	Sept. 169
Safety Awards to Tool and Die Shops	July 270
National Twist Drill & Tool Co.: Speeds and Feeds for Metal-slitting Saws	Dec. 169
Nebel Machine Tool Corporation: Warner Electric Clutch and Brake	May 221
Removable Block Gap Lathe	July 228
Neilson, William LaCoste, Obituary of	June 252

Punch Press with High-speed Follower Gage, Turret	July 224
Punch Presses, Counterbalance Cylinders for	Dec. 234
Punch Presses, "Ses-Matic" Feeding Units for	Feb. 248
Punch Products Corporation: "Unipunch" Hole-punching Units.....	Dec. 217
Punch, Rotex Power-operated Turret.....	June 210
Punch Shaping Machine, Jemco Contour and	Dec. 213
Punching, and Coping Machine; Shear- ing,	July 218
Punching Machine, Notching and	Dec. 212
Punching Machine, Wales Printed Circuit	Nov. 244
Punching Operations, Press Brake Designed for	Nov. 240
Push-button Combinations Control Door Latches, Clint McLaughlin	July 204
Push-buttons, Cutler-Hammer Oiltight.....	Apr. 242
Push-buttons and Selector Switches, Allen-Bradley	Aug. 233
Pyroceraam—Nonporous Crystalline Materials	Aug. 171

Q

Queens Tool Mfg. Co.: "Micro" Press	Jan. 195
Double Miter Cut-off Saw	Jan. 205
Quenching, Sub-zero Hammering and. R. J. Delaney	July 148
"Quick-Dump" Valves, Humphrey	Sept. 223
Quill, Heavy-duty Power	Apr. 222

R

R and L Tools: Cross-slide Tool-holder for Multi- spindle Automatics	Oct. 236
Races at SKF Plant, Making Large Roller Bearing	Dec. 166
Races on a Lathe, Forming Ball Bear- ing, Donald Baker	Jan. 182
Raceways for Ball Bearings, Multiple- spindle Machines for Microhoning	May 208
Racks with Flush Pins, Measuring	Oct. 215
Racks with Flush Pins, Measuring, Carl A. Johnson	Nov. 228
Radius-bar for Spherical Turning, Simple, F. L. Rush	Aug. 195
Radius-cutting Machine	May 214
Radius for Power Shear with Specified Stroke, Determining Crank	Nov. 228
Railway Equipment, Gages for Checking Axles and Wheel Bores of	Sept. 223
Ram Adjustment for Presses, Verson Motorized	Aug. 232
Ransohoff, Inc.: Ultrasonic Cleaning System	Nov. 248
Reactors, Alloy for Nuclear	Sept. 160
Reamer, Whitman & Barnes Carbide Dowel-Pin	Dec. 230
Reamers, Ace Drill-length	Mar. 246
Reaming, and Deburring Machine, Etco-Ermick Eight-station Drilling, Tapping	Jan. 194
Reaming, Slotting and Deburring Ma- chine, Govro-Nelson Drilling	Jan. 206
Reaming Small Shafts, Automatic Machine for Cross-Drilling and E. F. Guennel	Dec. 168
Reaming Transmission Housings; Spec- ial Machine for Duplex Milling, Drilling, Boring, and	Jan. 200
Rear-axle Housings, Line-O-Matic for Processing	Oct. 219
Reciprocating Slides, Mechanism That Imparts Variable and Unequal Strokes to Opposed, W. M. Halliday	Jan. 185
Recorders, Baldwin Automatic Scanning.. Recorders for Strain Gages, Scanning	Mar. 226
Rectifier Power Unit, General Electric Red Ring Automatic Gear Gaging, Sort- ing, and Machine Control Unit	Oct. 239
Red Ring Automatic Gear Gaging, Sort- ing, and Machine Control Unit	Sept. 226
Red Ring Automatic Loader for Gear- shaving Machines	Oct. 219
Red Ring Electronic Gear Sound In- spection Unit	Jan. 202
Red Ring Gear-shaving Machines, Improved Line of	Dec. 200
Red Ring Self-contained Broaching Fixture	Feb. 245
Reducer, Speed, see Speed Reducers, Ultrasonic Cleaning of Precision Gear	May 148
Reduction of Large Discs, Weight, E. R. Barry and J. W. Bergman	Dec. 176
Reed-Prentice Corporation: "Reedmatic" Production Lathe	Sept. 215
"Reedmatic" Production Lathe	Sept. 215
Reeves Vari-Speed Motordrive	July 238

Reference Section:

Screw Machine, Mating Parts Made in Thirty-second Cycle on Automatic	Aug. 162				
Screw Machines, Brown & Sharpe Automatic	Feb. 245				
Screw Machines, Multiple-positioning Stock Feed Applied to	Sept. 167				
Screw Machines, Quick-change Pre-set Tools for Automatic	Aug. 236				

INDEX • September 1956 - August 1957

Slots without Rotary Table, Fixture for Milling Curved. H. J. Gerber	Feb. 210	"SpeedPolisher," Thor	Oct. 254	Standards, American (Data Sheet):	
Slotting Cutter, Goddard & Goddard	Jan. 222	Spheres for Tumbling-barrel Finishing, Norton Abrasive	Feb. 213	Finished Hexagon Thick Nuts	Sept. 251
Slotting Machine, Rockford Long-Stroke "Hy-Draulic"	Dec. 198	"Spin-Buffing" Machine for Finishing Die-cast Parts	Jan. 198	Regular Hexagon and Hexagon-jam Nuts	Sept. 252
Slotting Operations in Steel, Interlocking Cutters for Deep	May 228	Spindle on Vertical Milling Machine, Dial Indicator Positions. J. Randolph Lucas	May 195	Finished Hexagon Thick Slotted Nuts	Nov. 257
Small-parts Machine Shop Saves Money, Separate. L. G. Vines	Sept. 143	Spindles Equipped for Electrolytic Grinding, Precision	Apr. 218	Finished Hexagon Castle Nuts	Nov. 258
Smith, Cecil H.: Simple Method for Cutting a Quadruple Thread	July 204	Spindles for Dearbornaire Air Gage Instruments	Mar. 225	Finished Hexagon Slotted Nuts	Dec. 245
Smith Co., S. Morgan: Balancing a Francis Runner for a Hydraulic Turbine	Nov. 222	Spinning Lathe, Delta Turning and Spiotta, Raymond H.: Subcontract Shops Produce Complex Airframe Components	Oct. 229	Regular Square Nuts	Jan. 216
Smith Corporation, A. O.: Making Equipment Replacement Pay Off	Mar. 159	Mechanical Arm Reaches Out to Build Highways	Feb. 178	Machine-screw and Stove-bolt Nuts	Jan. 216
Smith, Theodore B.: What the Designer Should Know About Cold-heading	Apr. 193	"Payhaulers" Are Built for Rugged Service	Feb. 196	Regular Square Bolts	Feb. 259
Smith Welding Equipment Corporation: Epoxy Resins Cut Short-run Tooling Costs	May 159	Double-crank Dieing Machines in Production at Buick	Aug. 142	Regular Hexagon Bolts	Feb. 260
Snap-in Nylon Bearings	Apr. 224	Spitfire Tool Co.: "Versa-Grip" Over-arm Attachment for Roller Lappers	Nov. 247	Regular Semifinished Hexagon Bolts	Mar. 239
Snow Mfg. Co.: Cut-off Gage	Dec. 216	Spines Formed Ten Times Faster by Cold-rolling. Miles Etzel and C. E. Kopp	Aug. 165	Heavy Semifinished Hexagon Bolts	Mar. 240
Snyder Tool & Engineering Co.: Trunnion Type Precision Boring and Automatic Bushing Assembling Machine	Sept. 202	Spines, Probe Type Three-way Gear Classifier Equipped for Inspection of External	Feb. 224	Finished Hexagon Bolts	Apr. 237
Mill Machine Designed to Perform Five Complex Operations	Nov. 234	Split Ballbearing Corporation: Ball Bearings of Split Race Design	June 226	Heavy Finished Hexagon Bolts	Apr. 238
Transfer Machine for Processing Converter Housings	Dec. 207	Spot-facing Machine for Jet-engine Part; Drilling, Boring, and	Apr. 217	Heavy Hexagon Bolts	May 223
Palletized Transfer Machine for Processing Steel Forgings	Feb. 237	Spot-facing Tools, Wesson Combined Boring and	May 210	Lag Bolts	May 224
Special Machine for Processing Crankshafts	Apr. 220	Spot-welding Machine, Federal Giant-Size	Dec. 214	Formulas for Bolts and Nuts	June 249
Special Transfer Machine for Processing Automotive Parts	May 206	Spot-welding, see Welding		Formulas for Nuts—1	June 250
Snyder Special Segmented Transfer Machine for Processing Transmission Cases	June 205	Spray Coating Protects Sheet During Forming	Mar. 168	Formulas for Nuts—2	July 241
Transfer Machine for Processing Two Different Parts	July 219	Spring Coilers, Escapement Type Universal	July 225	Thread-runout Sleeve Gages	July 242
Segmented Transfer Machine for Processing Automotive Intake Manifolds	Aug. 234	Springs, Packaged Assortment of Small-diameter Die	Feb. 252	Standardization Published, Report on the Benefits of	Apr. 175
Socony Mobil Oil Co., Inc.: Hydraulic and Circulating Oils with Long-lasting Performance	Sept. 192	Springs, Tandem Special Grinder for Processing Valve	Dec. 208	Stanley Works: Tool for Forming and Finishing Metallic and Non-metallic Materials	Oct. 240
Solar Aircraft Co.: How Solar Machines Jet-engine Weldments	Oct. 192	Springer, R. D.: Operation "Big Squeeze"	Oct. 157	Hand Tools Produced by Modern Machine Tools	May 162
Soldering, Glass-fiber Brush Facilitates Aluminum	May 139	Sprocket, Dodge Double-strand Taper-Lock	July 250	Star Cutter Co.: Multiple-thread Milling Cutters	Sept. 222
Solid Film Lubricant for High Operating Temperatures	Aug. 172	"Square-Axis" Microhoning Machine, Automatic	Mar. 228	"Star-Process" Multiple-thread Milling Cutters	Sept. 222
Solvent Tank, Graymills	Jan. 220	Staging Unit for Projection Gaging	Apr. 244	Starrett Co., L. S.: Color-identified Hack-saw Blades	Oct. 242
Sorensen Center-Mikes, Inc.: "Booster-Bar" Increases Hole-location Gage Range	Jan. 202	Stainless-steel Collector Ring for Exhaust Gas Thermocouples	Aug. 159	Master Precision Vernier Caliper	Apr. 234
Sorting, and Machine Control Unit; Red Ring Gear Gaging	July 232	Stainless Steel, Dials Made of Precipitation-hardening	June 173	Starter, General Electric Magnetic Motor	Aug. 212
Sound Testing Transmission Gears, Automatic Speeder for	Sept. 219	Stainless Steel for Structural Applications, High-strength	May 166	Starter, Kits for Modification of G-E Magnetic	Jan. 206
Sound Waves Finding Increased Application as Production Tool, "Silent"	Jan. 146	Stainless-Steel Grades Easily Welded, New	Dec. 165	Stavers, Harold E., Obituary of	Dec. 252
"Soundscope" for Measuring and Analyzing Industrial Noise	Oct. 230	Stainless-steel Honeycomb, "Hot-Melt" Compound Facilitates Machining of	May 166	Steel Available in Forged, Rolled, or Ingot Form; Leaded	May 168
South Bend Lathe Works: Lathe Built Especially to Handle Long Work	June 211	Stainless-steel Tubing Used for Ultrasonic Machining Tools	Sept. 161	Steel Bar Stock, Hardened and Ground	Jan. 218
Vertical-spindle Precision Milling Machine	July 215	Stainless Steels Increasing, Applications of Low-nickel	Sept. 191	Steel, Broader Hardening Range Announced for Specialty Tool	May 168
Spacing of Bored Holes, Faceplate Fixture Facilitates Precise. F. L. Rush	May 191	Stainless Steels, Welding, Richard E. Part	June 185	Steel City Testing Machines, Inc.: Ductility Tester for Thin Metals	Nov. 254
Spar Mill for Multiple-Jet Seaplane	Aug. 196	Stamping Press, Acromark Hot-Stamping Press, Foil	Mar. 228	Steel Coating, Aluminum Engine Cylinders Have Sprayed	Dec. 180
Spar-milling Machine with General Electric Control, Onsrud Mammoth	Nov. 231	Stamping Press, High-Speed Automatic	Nov. 250	Steel, Cold Extrusion of Ben Kaul	Aug. 175
Sparling, Kenneth: Integrally Stiffened Wing Panels Formed by Shot-peening	July 170	Stamping Press, Hot-Stampings without Changing Dies, Huge Transfer Press Produces Two	Dec. 213	Steel for High-temperature Applications, High-strength, Air-hardening	June 171
Sparr, Anton E.: Extension-bed Gap Lathe Efficient for Varied Maintenance Requirements	May 158	Stanat Mfg. Co.: Rolling Plutonium Inside a Plastic Hood	Oct. 226	Steel, Heller Line of Hacksaws, Metal Band Saws, Flat Die	Apr. 212
Special Engineering Service, Inc.: Ses-Matic Punch Press Feed	Nov. 250	Stand with Storage Space, "Lap-master"	June 193	Steel, Oil- and Air-hardening Flat Ground Die	May 234
Ses-Matic Air-operated Units for Feeding Coiled Stock to Punch Presses	Feb. 248	Standard Electrical Tool Co.: Vertical and Horizontal Speed Lathes	Oct. 234	Steel, see Sheet, Stainless, High-speed, Molybdenum, Nickel, NE, Wrought	
Special Machinery Co., Inc.: Radius-cutting Machine	May 214	Standard Oil Co. (Indiana): Non-soap Greases that Provide Chemical and Physical Stability	Apr. 248	Steel Strike, Settlement of. Charles O. Herb	Sept. 141
Speed Reducer, Howell "Line-O-Drive" Gearmotor	Aug. 234	Standard Pressed Steel Co.: Socket-head Screws and Bolts with Nyllok Self-locking Insert	Aug. 172	Steel Types, Precision Ground Flat Stock Available in Two	Jan. 173
"Speed-Sander," Thor	July 246	Lock-nut for Jet Engines	Sept. 220	Steel Weight Finder and Slide Rule	Aug. 220
Speeds and Feeds for Metal-Splitting Saws	Dec. 169	"Erectomatic" Steel Shelving	Oct. 252	Steel with Good Finishing Properties, Free-machining	June 172
Speeder for Sound Testing Transmission Gears, Automatic	Sept. 219		July 244	Steels with High Finish, Precision-ground Gage and Die	Apr. 186
				Steelweld Machinery Division of the Cleveland Crane & Engineering Co.: Press Brake Designed for Punching Operations	Nov. 240
				Extra-long Pivoted-blade Shear	May 220
				Steering Gear Housing Unit, Assembling Machine for	Jan. 202
				Steering Knuckles, Five-station Machine for Processing	Mar. 222
				Steering Knuckles, Machine for Milling and Centering Truck	Oct. 227
				Steering Knuckles, Snyder Palletized Transfer Machine for Processing	Feb. 237
				Steering Units Require Precision Components, Power-Walter E. Haremski	Nov. 208
				"Stentor" Broader Hardening Range Announced for Specialty Tool Steel	May 168
				Sterling Electric Motors, Inc.: Wet-belt Grinding Finishes Variable-pitch Pulleys	Jan. 141
				Stubby Mfg. Co.: Precision Cam-generating Unit for Shop Use	Apr. 240
				Stevens, Robley D.: How to Classify Employees for Over-time Exemption	Apr. 164
				Stevenson, J. William: Feeding Chips into Bores Minimizes Tool Wear	Aug. 168

INDEX • September 1956 - August 195722

INDEX • September 1956 - August 1957

Titanium, How to Chromium-plate	Mar. 164	Transfer Machines, Baker Automation Units Standardized to Simplify Assembly of Automatic	May 228	Turner Bros., Inc.: Versatile Production Machine	Apr. 212
Tolerances on Die-Cast Parts, Holding Close, H. K. and L. C. Barton	Dec. 181	Transfer Press Completes 1000 Air Cleaner Shells per Hour, Walter N. Hanna	Nov. 204	Turning and Boring Machines, King Electrically Operated Vertical	Feb. 244
Tool Chest, Apprentice	Mar. 244	Transfer Presses Are Self-contained Production Lines, Melvin D. Vernon	Apr. 167	Turning, Ceramic Tools for Single-point, A. B. Albrecht	Apr. 149
Tool Ejector Available in New Sizes, "Scully-Drift" Cam Type	Nov. 248	Transfer Table, In-line	June 218	Turning Machine, Turnomat Centerless	Nov. 235
Tool for Forming and Finishing Metallic and Non-metallic Materials, Stanley	Oct. 240	Type Machine for Processing Carburetor Bodies, Morris In-line	Feb. 216	Turning, Profiling and Chamfering Tool, Kendex	Oct. 252
Tool-holder and Carbide Tip, Apex	Oct. 242	Transfers and Reverses Position of Pad, Mechanism Simultaneously, W. M. Foster	Mar. 208	Turning, Simple Radius-bar for Spherical, F. L. Rush	Aug. 195
Tool-holder for Multi-spindle Automatics, Cross-slide	Oct. 236	Transfer-matic Equipped to Machine Servo-valve Bodies	May 200	Turnomat Co., Inc.: Centerless Turning Machine	Nov. 235
Tool-holder, Wesson "No Grind" Chamfering	Feb. 252	Transfer-matic Equipped to Process Air-Conditioning Housings	Dec. 209	"Turn-Over" Carbide Button Inserts, Tool with	Jan. 222
Tool-holders for Throw-away Blanks, Carmet	Jan. 205	Transfer-matics and Four-way Boring Machines, Cross	Oct. 225	Turret Lathe, Cem-Way	July 214
Tool-holders for Throw-away Carbide Inserts	Jan. 220	Transflex Press, Two-point	Mar. 187	Turret Lathe Line, Welded Pedestals on New	Mar. 181
Tool Wear, Feeding Chips into Bores Minimizes, J. William Stevenson	Aug. 168	Transmission Cases, Snyder Special Segmented Transfer Machine for Processing	June 205	Turret Lathe, Tarex Single-spindle Automatic	Feb. 222
Tool Wear Studied with Radioactive Isotopes	May 139	Transmission Extensions, Buhr "Economatic" for Processing Automatic	Apr. 212	Turret Lathe Tracing Pays Off in Job Shop	Sept. 162
Tools Cut Costs, Epoxy Resin	May 159	Transmission Housings; Special Machine for Duplex Milling, Drilling, Boring, and Reaming	Jan. 200	Turret Lathe, Warner & Swasey Saddle Type	Aug. 228
Tools Performing? How Are YOUR Carbide: 1.	Jan. 165	Transmission Plant—Automation to the Nth Degree, New, William Miron and Bruce Fields	Nov. 178	Turret Lathes, Automatic Power Feed for	July 222
2.	Mar. 195	Transmission Production, Cooling of Coolant Facilities	Apr. 155	Turret Lathes, Hydraulic Drive Attachment Automates, Julius A. Fender	May 135
Tools Produced by Modern Machine Tools, Hand	May 162	Tray for Drill Press, Utility	Mar. 230	Turret Lathes, Profile-duplicating Slide for, S. R. Rosen	May 165
Tools, Stainless-steel Tubing Used for Ultrasonic Machining	Sept. 161	Trimming Presses Remove Flash from Die Castings	Aug. 232	Turret Lathes, Unusual Setups on Automatic, D. L. Hansen	Jan. 132
Tools Wanted, Historical	Sept. 195	Triple-cut Planing Means High Production	Mar. 193	Turret Lathes, Warner & Swasey Counting Slide-tool Attachment for Saddle Type	Sept. 213
Tooling Ball with Removable Feature, M. A. McCartney	Sept. 196	Triplex Machine Tool Corporation: Jig Borer with Optical Setting Devices	Aug. 208	Turret Punch Press, Wiedemann	Feb. 233
Tooling, Convoir Economizes with Throw-away Insert, Willis L. Carr	Aug. 147	"Trippit" Automatic Control for Power Presses	Sept. 207	Turret Punch, Rotex Power-operated	June 210
Tooling Setups Smooth Production of Airframe Components, Unique, Harry J. Hopkins	Dec. 161	"Tri-Roll" Thread Comparator	July 234	Turret Toolposts with Clamping Type Handle, McCrosky	July 222
Tooling, Thin-wall Groove Cut with Special	Jan. 147	Troster, F.: Simple Device Allows Manual Overriding of Remotely Controlled Lever	Nov. 225	Turret Type Drilling Machine	Feb. 226
Toolposts with Clamping Type Handle, McCrosky Turret	July 222	"Tru-Bor" Boring and Facing Machine	Mar. 243	TV on the Spot	May 140
Tormag Transmissions, Ltd.: Whitney-Tormag Flexible Magnetic Drive	Oct. 236	Truck Attachment for Loading and Removing Dies from Inclined Presses	Sept. 213	Twin Disc Clutch Co.: Remote-controlled Friction Power Take-off	July 226
Torque-Matic Attachment, Avey Hydro-Way Drilling Unit and	July 232	Trucks Are Built for Rugged Service, Rear-dump, Raymond H. Spiotto	Feb. 196	Twist Drills, Extension-adaptor for, Frederick Barker	May 195
Torque-wrench Testing and Calibrating Machine	Oct. 220	Truing, No Time-out for Wheel	May 176	Twisting Bar Stock, Die for, H. J. Gerber	Oct. 212
TorqueFlite Transmission Produced on Automatic Transfer Line, William Miron and Bruce Fields	Nov. 178	Tryout Manipulator, Die	Nov. 254		
Tracer Attachment for Lathe, Hydraulic	Jan. 191	Tube-bending Press, Pines Hydraulic 6-ton	Apr. 222		
Tracer Attachment, Milling Machine with	Dec. 201	Tube-contour Gages of Fiber-glass Cloth and Plastic	Mar. 188		
Tracer Lathe, Cincinnati "Hydra-guide"	June 215	Tube Cut-Off Machine Co.: Hydraulically Controlled Tube Cut-off Machine	Apr. 234		
Tracer Lathe, Clausing Heavy-duty Hydraulic	Feb. 236	Tube Notcher, Wallace-Ped	Apr. 244		
Tracer Lathe, Hydra-Feed Double	Nov. 242	Tubes; Automated Machine for Flaring, Facing, and Chamfering Ends of	Sept. 217		
Tracer Lathe, Sundstrand Hydraulic Multi-cycle	Feb. 214	Tubes, Automatic Gaging Machine for Checking Thickness of Aluminum	June 209		
Tracing Pays Off in Job Shop, Turret Lathe	Sept. 162	Tubes Simultaneously, Automatic Machine for Processing Both Ends of Rods or	Nov. 248		
Tractor, Free-piston Turbine Engine Used in Experimental	Aug. 185	Tubes, Turret-lathe Tool for Piercing Thin-walled, William Morson	June 198		
Tractors without Tracks, Phillip Hoel and Paul Broadstone	Feb. 184	Tubing and Pipe, Transparent Cutting Oil for High-alloy Steel	Apr. 186		
Training Facilities, Brown & Sharpe Expands Precision Center	May 164	Tubing and Rod Available, Production-cut Teflon	Apr. 185		
Training Program, Executive, Charles O. Herb	Dec. 135	Tubing is a Shock Absorber Plant's Daily Diet, Forty Miles of, Edgar Altholz	Nov. 186		
Tramrail Division of the Cleveland Crane & Engineering Co.: Air-conditioned Tramrail Carrier	July 248	Tubing that Can Be Cut with Hacksaw or Knife, Bendable	Jan. 173		
Transducer, Magnetostriiction	Dec. 234	Tubing, Turnbuckle Replaced by Crimped, Bernhard Rogge	Mar. 180		
Transfer Conveyor, Adjustable	June 213	Tubing Used for Ultrasonic Machining Tools, Stainless-steel	Sept. 161		
Transfer-feed Principle Adapted to Smaller Presses	Mar. 187	"Tufkole" Vinyl Coating for Machinery and Castings	June 172		
Transfer Machine Designed for Engine-block Line, Automatic Gage and	May 221	Tumblex "S" — Abrasive Spheres for Tumbling-barrel Finishing	Feb. 213		
Transfer Machine for Processing Automatic Transmission Extensions, Buhr	Apr. 212	Tungsten Carbide for Hard-facing or Cutting, Cemented	Mar. 185		
Transfer Machine for Processing Automotive Intake Manifolds, Snyder Segmented	Aug. 234	Turbine Components, Nickel Alloy Developed for Gas	Sept. 192		
Transfer Machine for Processing Automotive Parts, Snyder Special	May 206	Turbine Engine Used in Experimental Tractor, Free-piston	Aug. 185		
Transfer Machine for Processing Converter Housings	Dec. 207	Turbine Pinions, Shaving Machine for Finishing Large	Oct. 224		
Transfer Machine for Processing Crankshafts, Snyder Special	Apr. 220	Turbine Rotors, Machining the Blades of 50,000-R.P.M.	Mar. 165		
Transfer Machine for Processing Pump Covers, Avey	May 204	Turnbuckle Replaced by Crimped Tubing, Bernhard Rogge	Mar. 180		
Transfer Machine for Processing Steel Forgings, Snyder Palletized	Feb. 237				
Transfer Machine for Processing Transmission Cases, Snyder Special	June 205				
Transfer Machine for Processing Two Different Parts, Snyder	July 219
